Organization

Located in Asheville, North Carolina, Evergreen Community Charter School is a tuition-free, public school serving approximately 450 students in grades K-8. We follow the EL Education model, a research-substantiated model for school design with roots in the adventure and leadership organization, Outward Bound. (For more information on EL Education, please see the national organization's [website](#).) Evergreen embraces rigorous and high quality work, character education, social justice, curriculum integration, differentiated instruction, and environmental stewardship. Our strategic priorities are centered on racial equity and academic excellence.

Evergreen recognizes the social and educational value of a diverse leadership, staff, and student community. To that end, we actively seek and encourage employee applications from qualified individuals representing diverse social, ethnic, and racial groups.

We invite potential candidates for this position to learn more about Evergreen Community Charter School by exploring our website, www.evergreenccs.org.

Position Description

Teach seventh and/or eighth grade mathematics and Math I classes using the EL Education model, which emphasizes integrated, differentiated instruction, experiential learning, collaborative planning and teaching, student responsibility, and community involvement. Teach the Common Core State Standards for math to two seventh grade and two eighth grade classes of 26 students each. Practice formative and summative assessment, provide critical feedback and guidance, establish rapport with students and parents, and work collaboratively with the middle school team. Professional teachers with passion, flexibility, high expectations, consistent classroom management, and a sense of adventure are encouraged to apply.

Qualifications

Minimum Qualifications: Bachelor's degree and North Carolina teacher licensure (or eligibility for licensure) in middle grades math.

Preferred Qualifications: Demonstrated expertise in the teaching of middle grade students. Lived experience that supports connections with groups of students who have diverse racial and ethnic identities. Skills/interests in one or more of the following areas: differentiated instruction, social justice, environmental literacy, character education, and service learning.

Application Process
